Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on July 16, 2021 (FR 2021-0486). The SAS external portal is a web-based tool developed for applicants and certificate holders (also referred to as external users) to exchange information with Flight Standards (FS) employees, primarily the Certification Project Managers (CPMs), Principal Inspectors (PIs) and Training Center Program Managers (TCPMs). SAS external portal creates the ability for our external users to collaborate and communicate with their FS counterparts in the execution of the following functions:

- Submitting a Preapplication Statement of Intent (PASI) Form (FAA Form 8400-6) (14 CFR parts 121, 135 and 141);
- Submitting an Application for Repair Station (FAA Form 8310-3) (14 CFR part 145);
- Submitting an Application for Aviation Maintenance School Certificate and Ratings Application (FAA Form 8310-6) (14 CFR part 147);
- Submitting a Letter of Intent (14 CFR part 142);
- Submitting Element Design (ED) data collection tools (DCTs); and,
- Sharing of other documentation as needed.

Benefits to the certificate holder or applicant to use the external portal include:

- Ease of submission and expedited processing and tracking of documents/requests;
- Documents/requests are sent directly to the FS employees, which eliminates wait time for the entry of information by the PI/CPM; and,
- Access to DCTs.
